## Small Group Assessment (SGA) Example

Prepared by

Barrett Values Centre

# Small Group Assessment (SGA) Example (12)

## Personal & Current Culture Alignment

### Values Matches: 3

- 3 or more. People are able to bring themselves to work.
- 1-2. People are somewhat able to bring themselves to work.
- 0. People are not able to bring themselves to work. Look to blue values in Desired Culture for guidance, if any.

## Current & Desired Culture Alignment

### Values Matches: 4

- 6 or more. Excellent, strong, healthy culture.
- 4-5, good. Group is on the right track.
- 2-3, fair. Group is somewhat on the right track. More work needs to be done.
- 0-1, poor. Group is unhappy or frustrated, wants to see changes or take a new direction.

## Potentially Limiting Values: 1

- 0. This group does not operate from the basis of fear.
- 1-2. May be some element of fear behind how decisions are made or how people are managed.
- 3+. Fear is a factor in how this group operates or is managed.

**cost reduction**

## Cultural Entropy: 14%

- 0-10%. Healthy functioning.
- 11%-20%. Some problems requiring careful monitoring.
- 21%-30%. Significant problems requiring immediate attention.
- 31%-40%. Serious situation requiring immediate leadership intervention and changes.
- 41%+. Critical situation requiring leadership changes to avoid organisational failure.

## **NEW VALUES TO FOCUS ON**

Any values shown in blue are values that are important to the individuals who work for the group and are requested in the Desired Culture but are not showing in the top values of the Current Culture. How can you support your staff to bring these values and strengths to work so that they and the group would derive further benefit from them?

Any Desired Culture values shown in black are entirely new requests. They do not show in the Personal or Current Culture. To what extent are these values positive new requests, or maybe a reaction to something that is not happening or is unhealthy in the Current Culture? What themes do you notice with these new values? Open a dialogue with these people to gain a deeper understanding.

					shared vision	4 5(O)

Black Underline = PV & CC  
 Orange = PV, CC & DC

Orange = CC & DC  
 Blue = PV & DC

P = Positive  
 L = Potentially Limiting (white circle)

I = Individual  
 R = Relationship

O = Organisational  
 S = Societal

# Small Group Assessment (SGA) Example (12)

### Personal Values

CTS = 42-23-35

Cultural Entropy = 1%

### Current Culture Values

CTS = 32-22-46

Cultural Entropy = 14%

### Desired Culture Values

CTS = 40-33-27

Cultural Entropy = 2%

C = Common Good  
 T = Transformation  
 S = Self-Interest

# Small Group Assessment (SGA) Example (12)

## Cultural Entropy Report

This table depicts the survey participants' total votes for Current Culture potentially limiting values by level. Potentially limiting values reflect the degree of disorder within a system and are found only at levels 1, 2 and 3. Please note that among the report diagrams slight variations in total Cultural Entropy percentages may occur as a result of rounding the level/category percentages to the nearest whole number.

Level	Potentially Limiting Values (Votes)	Cultural Entropy %
3	confusion (2) silo mentality (2) information hoarding (1)	4% of total votes
2	blame (1)	1% of total votes
1	cost reduction (4) caution (3) job insecurity (2) control (1) short-term focus (1)	9% of total votes
Total	17 out of 120	14% of total votes

# Small Group Assessment (SGA) Example (12)

## Values Jumps

A value jump occurs when there are more votes for a value in the Desired Culture than in the Current Culture. Listed below are the values with the largest increase in votes. The values in bold are represented in the Desired Culture.

	Current Culture Votes	Desired Culture Votes	Jump
<b>accountability</b>	4	11	7
<b>coaching/ mentoring</b>	2	7	5
<b>teamwork</b>	3	7	4
<b>cross group collaboration</b>	1	5	4
<b>customer satisfaction</b>	1	4	3
<b>shared vision</b>	1	4	3
innovation	0	3	3

# Small Group Assessment (SGA) Example (12)

## Positive Values Distribution

This diagram shows the percentage of positive values by level. The table indicates the top Desired Culture values and Values Jumps, at the levels where more focus is requested.

Personal Values ■

Current Culture Values ■

Desired Culture Values ■

# Small Group Assessment (SGA) Example (12)

## Current Culture Values

## Desired Culture Values

		Current Culture	Desired Culture
Finance		cost reduction (L)	
Fitness		safety results orientation	excellence
External Stakeholder Relations			customer satisfaction
Evolution		continuous improvement	coaching/ mentoring continuous improvement
Culture	Trust/ Engagement	commitment accountability	accountability teamwork cross group collaboration commitment
	Direction/ Communication	goals orientation positive attitude	goals orientation shared vision
	Supportive Environment		
Societal Contribution		environmental awareness
